### Trees

Trees are tall plants. They are very important for our Earth. Trees help clean the air. They give off a gas called oxygen. People and animals need oxygen to breathe. Many animals make their home in a tree. Birds, monkeys, koalas, and squirrels live in trees. Some trees can also give us food. They make fruits like apples, oranges, plums, or bananas.

## Sugar Cookies!

What is sweet and frosted with sugar? Sugar cookies of course! Sugar cookies are made of sugar, flour, butter, eggs, vanilla, and baking powder. Sugar cookies are easy to cut into fun shapes for the holidays. Using a cookie cutter you can form dough into mini trees, wreaths, or even stockings! They are then decorated with frosting and sprinkles.

Many children across America will participate in leaving cookies and milk on a table for Santa on Christmas Eve night.
